WELCOME TO ALIANT+

Aliant+ is not a directory of firms. We foster genuine collaboration among our members by creating an environment for our members to sustain strong relationships and efficiently handle cross-border work together.

Our global alliance of middle market law firms and accounting firms can offer your firm a significant boost in expanding your international footprint. You will find firms similar to yours in other countries. Firms that can expertly and reliably handle your clients' needs. Firms that will reciprocate and collaborate.

Our members see Aliant+ as their extended global family. It is this sense of likeability and trust that allows our alliance to flourish.

WE ARE ALIANT+

Welcome to Aliant+ Global Network, a global alliance for ambitious middle market firms that are interested in growing their cross-border business.

Each member of Aliant+ is carefully vetted to determine optimal fit within our network.

We evaluate prospective member firms based on the personalities of the firm's partners, the size of the firm, practice coverage, and the types of clients the firm represents.

Mission

Aliant+ allows its member firms to collaborate closely, share expertise, and refer work to each other, ensuring that our clients receive the best possible advice and support, wherever they are located.

Through participation in various virtual and in person calls and conferences our members grow to like, trust and know each other, which are all the essential building blocks of a successful referral relationship.

At Aliant+ Global Network, we strive to create an environment where every member firm not only feels part of a close-knit community but also connects with like-minded, equally successful firms serving similar clients.

This alignment fosters stronger collaboration and significantly enhances the volume of work exchanged among our members.
